University Name: _____

Student's Academic Major: _____

Academic Advisor Last Name: _____

Academic Advisor First Name: _____

Academic Advisor Email: _____

Senior Capstone or Honors Thesis Advisor: _____

Senior Capstone or Honors Thesis Advisor Email: _____

To be signed by student's senior capstone or honors thesis advisor:

I endorse _____ (student name) for participation in U.S. Combat Capabilities Development Command Army Research Laboratory (DEVCOM ARL)'s Senior Capstone Immersion Program during the summer of _____ (year). As their university project advisor, I understand that the student's DEVCOM ARL mentor will lead their summer research project while the student is onsite at DEVCOM ARL, and that I, as the university project advisor, will remain the student's official advisor for their senior capstone project or honors thesis, which may or may not be related to their summer research project. The DEVCOM ARL mentor will continue to serve as an unofficial mentor and source of support as the student works on their official university project during the academic year, meeting via Microsoft Teams with the student on a monthly basis through the completion of the project. I will be invited to these meetings and will collaborate with the DEVCOM ARL mentor as appropriate throughout the execution of the student's project.

Advisor Signature: _____ Date: _____

*Note: ARL will work with you to ensure that this program support's your university's requirements and program structure.
